Bytów, 24.11.2011 | DRUTEX HAS BEEN AGAIN AWARDED WITH A EUROPEAN MEDAL

DRUTEX has been awarded with the European Medal in the XXII edition of the contest organized by the Business Centre Club with the support of the Ministry of Foreign Affairs and under the patronage of the European Economic and Social Committee based in Brussels.

European Medal Jury appreciated the high level of the PVC joinery - IGLO 5 and IGLO 5 Classic as well as innovation and technological advancement.

The European Medal is given to those companies whose products and services correspond to European standards. Nominated service (or product) must meet the standards required by the law, have the appropriate licenses, patents, etc. Moreover, the dynamics of the company, awards and certificates are also being taken into consideration.

The aim of the project is to highlight and promote products and services offered by companies operating on the Polish market, stimulate interest when it comes to the European standards and regulations in the European Union, increase of the interest in multi-million market in the European Union among Polish entrepreneurs, increase interest of consumers and entrepreneurs from the European Union.

"I am very pleased with this prestigious award, which confirms the strength of our brand as well as perfect quality, functionality and aesthetics of our products. The award is so important for us, especially as it underlines the fact, that the customers appreciate our products and our ongoing investment in technological advancement. The award is also a confirmation that our products meet and even surpass the European standards. The award brings us so much pleasure as it is given for the next consecutive times, reflecting the strength position of DRUTEX brand." - said Leszek Gierszewski, President DRUTEX SA

Final Gala of the XXII European Medal contest was held on 9 November, in the Reduta Hall Grand Theatre - National Opera in Warsaw.
